

## **Sister Judith Greene (formerly Sister Leonardo) – 60 Years**

“When I entered in 1960, I never could have imagined where the years would take me,” says Sister Judith Greene, formerly Sister Leonardo. “To ministries in elementary education, hospital chaplaincy, EAP counseling, Holy Childhood School, Congregational Leadership, and jail chaplaincy; to a variety of community living experiences with wonderful women, and a dancing sabbatical in California, to visits in Brazil and El Salvador. I treasure the gifts of these experiences and try always to give them away.”

Currently, Sister Judy works as one of the Coordinators in the Motherhouse community. “Being in ministry at this time in my life brings together so many threads of my life and ministerial experiences,” reflects Sister Judy. “I see the patterns, the connections...each preparing for the next...and I am grateful.”
